

POLIO DRIVE IN COUNTY OPENS; SELL "CRUTCHES"

The annual county-wide drive for funds to combat polio opened today with a new feature of the drive to be carried out today and Saturday by the three Veterans of Foreign Wars posts of the county and their auxiliaries.

This evening the Littlestown VFW and Auxiliary will conduct a "Blue Crutch" campaign to help in raising funds for Infantile Paralysis. Saturday Gettysburg and East Berlin VFW posts and Auxiliaries will conduct similar campaigns.

In the Blue Crutch drive, by which the VFW "hopes to be able to raise several hundred dollars for the March of Dimes," according to county "Blue Crutch" chairman John Rummel, members of the VFW and auxiliaries will be on the streets of their communities with small plastic crutches. Those who donate the donations will be turned over to the March of Dimes. Rummel said the campaign is similar to the annual sale of poppies carried on by the VFW to raise funds for disabled veterans.

Polio Dance January 27
Mrs. Joseph E. Codori, general chairman for the annual financial campaign of the Adams County unit of the National Foundation for Infantile Paralysis, said other annual features of the drive are being arranged. The annual polio dance will be held January 27. Donation canisters have been placed in various stores and business places. Letters are in the mail asking donations from car owners and the usual programs will be conducted in the schools.

Littlestown VFW and Auxiliary will collect donations from 6:30 to 9 o'clock tonight in the business section of that borough in the Blue Crutch event. Gettysburg and East Berlin are planning all-day collections Saturday. Members of the Blue Crutch committee locally, Charles Bushman, Harry Felix, William Gallagher, Charles Kerrigan, Henry Lank, Acie Marksberry, Dale Smith and Donald Wisotsky are scheduled to meet tonight at 8 o'clock at the VFW home, E. Middle St., to complete plans for Saturday's activities.

Have 1,500 Crutches
The committee urged all members of the VFW and Auxiliary to report Saturday morning at the YWCA to secure supplies of the plastic Blue Crutches for distribution on the streets of the town. It was pointed out that the campaign is not a door to door program, but rather one of seeking donations from pedestrians.

Heading the campaign are John Rummel, commander of the local VFW, who had been named as county VFW Blue Crutch chairman and Ruth M. Miller of the Gettysburg VFW Auxiliary who has been named as county chairman for the Auxiliaries.

Locally the campaign will be held (Continued On Page 4)

Three other children have been hospitalized in Rockford. They included twins Julia and Joan, 13, and Rose Ellen, 5. The other children were cared for at the Walsh farm home, and as physiotherapy patients in visits to Rockford hospitals.

The father, 53, and the mother, 45, came to Chicago when Edward's condition became more serious this week.

More than \$7,000 was raised for the Walsh youngsters through contributions coming from all parts of the country.

B. V. MILLER IS NEW PRESIDENT OF FIRE CHIEFS

Bernard V. Miller, Gettysburg R. 1, Barlow fire chief, was elected president of the Adams County Fire Chiefs Association Thursday evening at Irishtown. He will succeed John Sneringer, Irishtown, in February.

Paul Wolf, York Springs, was elected vice president and G. Henry Roth, Gettysburg, was renamed for a third term as secretary-treasurer.

The new officers will be installed February 2 at the annual ladies' night banquet to be held at New Oxford fire hall. Teller for the election were Leon Smith, Claude Murren and Albert Shindedecker.

Retiring Chiefs Honored

Selection of the site for the banquet was made by vote after Roger Myers, Fairfield, reported for the committee that fire company auxiliaries in East Berlin, New Oxford, McSherrytown, Kingsdale, Arendsville and Abbottstown would be willing to serve the chiefs and their ladies at the February 2 date. Tellers for that election were Myers and Charles Guldien.

A number of retiring or retired fire chiefs were named for life honorary memberships in the organization. They included Donald Kemper, York Springs; James A. Aumen, Gettysburg; John Polst, Conewago; Glenn Hoke, Arendsville; William Staub, New Oxford, and John Murren, Centennial.

Roger Myers, in moving the election of the retiring chiefs for honorary membership, noted: "We don't give honorary memberships because a man is a good fellow, although all of these men are. The selection is made because these men are skilled as firemen and we want their knowledge and skill and the information they can give us in our fire fighting duties."

Discuss Insurance

John C. "Buck" Stahle, Gettysburg, conducted a general discussion in which several other overwriters took part, on the coverage provided by the various insurance companies carried by the fire companies.

Questions by the fire chiefs indicated that present insurance coverage generally covers fire connected activities, but the chiefs generally are seeking possible extension of insurance to cover activities varying from carnivals to cleaning out wells that by custom have become part of the regular activities of the county's fire companies.

A committee comprising Roger Myers, John Murren, Glenn Ohler, Littlestown; Donald W. McSherry, Gettysburg, and Eugene Murren, McSherrytown, was appointed to draw up a list covering all of the activities in which firemen engage as part of their normal duties but which are non-fire connected. That list is to be submitted to insurance company representatives to determine the cost of coverage. The committee is to report at the March meeting at Kingsdale.

Grace Kelly Will Be "Her Serene Highness, Princess Of Monaco" When She Weds

PHILADELPHIA (AP) — Grace Kelly, the movies' blonde beauty with the patrician manner, will marry Prince Rainier III of Monaco soon after Easter.

She said so at a press reception in her parents' home here late yesterday, several hours after the surprise announcement that the Oscar-winning actress and one of the most eligible bachelors anywhere were engaged.

Hollywood, used to surprises, has seldom been more flabbergasted. The little Riviera domain of the handsome 32-year-old Rainier made today a full holiday, keeping up a merry pace set by a jubilant people when they heard the first radio bulletin. The radio in Monte Carlo, gambling mecca and showplace of the principality, has talked about little else ever since.

ACCIDENT RATE ON HIGHWAYS IS UP IN DECEMBER

December brought with it an increase in the number of accidents on Adams County highways, the monthly report of the state police indicates.

Thirty-six crashes were investigated by the officers in December, an increase of six over December, 1954, and an increase of nine over the 27 in November.

One person was killed and 31 injured in the December crashes, as compared to one killed and 27 hurt in December, 1954, and two killed and 28 hurt in November.

Property damage increased. The estimated loss from the 36 December accidents was \$24,510. In November the amount was \$16,250. In December a year ago the amount was \$20,712.

Police reported that 24 of the accidents last month occurred between the hours of 11 a.m. and 8 p.m. and held that much of the injury and damage to property could be traced to the habits of "the public of rushing to and from lunch, rushing home from work, rushing out for an evening's entertainment. We should slow down and get there safely."

Police made 97 arrests during the month on traffic charges, 23 of them as a result of the accidents. Six arrests were made on criminal charges.

The officers spent 280 hours on criminal investigations, 1,674 on traffic duty, 1,359 hours on station duty and 72 hours on special assignments.

They traveled 26,390 miles as drivers of state autos, 6,050 miles as passengers and 160 miles by private vehicle and conducted 457 traffic patrols.

Community Chest Total Now \$16,284

Contributions to the Gettysburg Community Chest now total \$16,284.35, Finance Chairman John C. Stahle said today.

The campaign seeks \$19,700 to carry on the work of six local organizations during the year.

Stahle said a number of individuals have given second donations in the attempt to bring the total collected up to the amount needed for the operation of the YWCA, Library, Girl Scouts, Boy Scouts, Civic Nurse and Recreation Association locally this year.

With less than \$3,500 yet to be secured, the Chest organization is hopeful that donations will continue to come in and that it eventually will "at least come very close to the goal," Stahle said.

Taneytown Driver Is In Fatal Mishap

Edwin N. Baumgardner, 44, of E. Baltimore St., Taneytown, an employee of the Western Maryland Lairy in Baltimore, was the driver of a large tractor trailer truck that ran over and fatally injured a man in Baltimore near the dairy plant Thursday afternoon about 1 p.m.

The victim was Joseph Roland Day, 53, Pimlico Rd., Baltimore. He was declared dead on arrival at the Maryland General Hospital 10 minutes after the accident.

Baumgardner told police he was making a turn out of an alley near Dolphin St. when the accident occurred. Day was crossing the street.

Poisonous Smog Blankets England; People Collapse

LONDON (AP) — Slight northeast winds today broke up the worst fog Britain has had in three years. But the weatherman said relief was only temporary.

The forecast was for another choking night of the smoke-laden pall that has gripped southern England for the past 48 hours, halting all air service to and from London.

Into the swirling mists, millions of chimneys funneled soot, sulphur dioxide and other coal by-products. Scientific teams analyzing the dense black vapor during the night said it was even more poisonous than the great smog of 1952 which claimed 4,000 lives.

A spokesman for the British Oxygen Co. said more emergency calls for oxygen were received yesterday than ever before.

"The number of patients with chest diseases has greatly increased in the hospitals since the smog descended and numerous hospitals have asked for oxygen tanks to meet the emergency," he said.

Regular radio warnings went out to Britons who normally drive to work to leave their cars at home and help minimize the danger of accidents.

Heavy police patrols were out-acting as guides as much as protectors of law and order. One woman was clubbed in an outlying London district by three men who grabbed her handbag and disappeared in the fog.

The great darkness was attributed officially to a layer of still, warm air overlying a ground layer of cold, moist air.

For the third straight day, the giant London air terminal was deserted with international flying traffic out of the airport at a standstill.

2 YOUTHS HELD FOR STEALING TWO VEHICLES

Two 14-year-old Virginia youths are in the hands of State Police after they abandoned a station wagon at Hunters Run and allegedly stole another vehicle at a nearby tavern to make their get-away.

The juveniles were apprehended at Lancaster and the second stolen vehicle was recovered by police there.

The two juveniles stopped about 8 o'clock Wednesday night at the Mohn and Beam grocery and gasoline station at Hunters Run. They asked Clair Beam, one of the proprietors, to fill up the tank. After Beam filled the tank, the juveniles told him that they had lost their wallets and could not pay for the gas. They offered him some jewelry instead for payment.

Beam, becoming suspicious, entered the store to call police. The two boys left the station wagon at the gas pumps and fled on foot. They went to the Green Mountain Inn nearby and are allegedly to have stolen an automobile owned by Solomon Hinkle, Gardner R. 2.

State Police of the Carlisle substation recovered the station wagon and later learned it had been stolen at Silver Spring, Md. About the same time they learned that Hinkle's car had been stolen.

Thursday morning Detective Frank Matt, of Lancaster, informed Cpl. Frank Bender, of the Carlisle substation, that Hinkle's car had been recovered there and that police had apprehended two 14-year-old boys from Alexandria, Va.

Carlisle State Police went to Lancaster for the car and the boys. They continued their investigation of the car thefts today. The boys in all probability will be turned over to Montgomery County, Va. authorities. Cpl. Bender said the boys, whose names were withheld, were on probation for stealing automobiles in the Alexandria area.

DEMOCRATS ISSUE DEFY ON FARM, AID, TAX

By JACK BELL
WASHINGTON (AP)—The political skirmishing was on in Congress today with Democrats challenging President Eisenhower on foreign, farm, tax and other major election-year issues.

Senate Democratic Leader Lyndon B. Johnson of Texas signaled the attack, saying the state of the union and the world is not nearly so rosy as Eisenhower pictured it in his annual message to Congress yesterday.

Johnson told a news conference the "political overtones" of the President's message "are the subject of deep disappointment and great regret" to those who have tried to cooperate with the administration in the national interest.

Sometimes criticized by other Democrats for not opposing Eisenhower's proposals more vigorously, Johnson continued:

"Situation Not Rosy"
"Most Americans know that the domestic situation is not as rosy as it is pictured and that the international situation is one of deep concern."

He said the administration had become "frantic about the farm situation" and was rushing out a program to appeal to the voters—particularly those in the Midwest—in this year's elections.

Commenting on Eisenhower's call for payments on the national debt before tax cuts, Johnson said the Republicans had been bragging for months about reducing taxes 7½ billion dollars in a period of deficit spending.

Chairman Byrd (D-Va.) of the Senate Finance Committee backed Eisenhower's statement that in a time of prosperity the nation could not afford to go further in debt to cut taxes.

Budget Prospects Pleasing
He said also he is pleased by the budget prospects Eisenhower outlined, "but I am disturbed by the fact that it (the message) indicates proposal of additional expenditures in a half-dozen or more nondefense categories."

Sen. George (D-Ga.), a Finance Committee member, reiterated his determination to push for a tax reduction for those in the low and middle income brackets as soon as budget balancing is in sight. Senators Carlson (R-Kan.) and Flanders (R-Vt.) also expressed hope that taxes still can be cut.

Chairman Cooper (D-Tenn.) of the tax-writing House Ways and Means Committee said he wants to see the President's Jan. 16 budget message before discussing tax cuts. What Eisenhower said

TITO, NASSER LASH MILITARY BLOCS

CAIRO, Egypt (AP)—Yugoslav President Tito and Egyptian Premier Gamal Abdel Nasser have climaxed their good will get-together with a joint blast at one of their pet targets—big power military blocs.

In a statement released during their Nile River trip to the Cairo dam, the two leaders declared their "nonalignment" policy had made a major contribution to world peace.

Their aim, they said, was a positive policy "seeking to lead to worldwide collective security."

Underscoring their off-repeated stand, they said a policy of military blocs "inevitably entails mutual armament races, creates misunderstandings and increases tension in the world."

The statement said both Yugoslavia and Egypt face similar internal problems and are "determined to defend their hard-won freedom and independence."

Yesterday offered "nothing new," he said.

Regardless of what finally is done on individual tax relief, quick congressional approval is regarded as likely for Eisenhower's request for another year's extension of existing excise and corporation income tax rates, now due to drop April 1 to pre-Korean War levels.

There are more than 28 million people in the United States who play a musical instrument, says the American Music Conference.

LOCAL PASTOR WINS PATENT

The Rev. Herbert N. Brownlee, pastor of the Gettysburg Baptist Church, and Walter P. Carbaugh of Chambersburg, recently were the recipients of a U.S. patent for a window opener and fastener. They had made application for the patent in June, 1953.

Mr. Carbaugh, who is president of the Franklin Box and Lumber Company of Chambersburg, is a member of the Baptist Church in Chambersburg which the Rev. Mr. Brownlee also serves as pastor.

The invention pertains to a device which facilitates the opening of a swingable window and the retaining of it in any of its adjustable settings. Such a window is mounted in a frame set in a wall of a building and it may be hinged, for example, to the lower edge portion of the frame to permit a swinging movement back and forth between its fully-opened and fully-closed positions. This mechanism may be manufactured at a low cost and may be readily and easily applied to, or removed from, conventional window sashes and frames without requiring any modification or redesign of them.

This window opening and fastening arrangement consists essentially of a rod that is pivotally connected at one of its ends to the portion of the frame opposite to the edge to which the window is hinged. The rod passes through a special ball structure that is fastened to the edge of the window opposite the hinges. Provision is also made at the end of the rod for a knob that limits the extent to which the window may be opened.

ANIMALS READY FOR FARM SHOW

HARRISBURG (AP)—Farm animals and birds of all types were moved into the state farm exhibition building today to set the stage for Monday's opening of the 40th annual Pennsylvania Farm Show.

The first of 2,000 head of livestock arrived at the 14-acre building yesterday along with new tractors and all manner of farm equipment.

Placement of the animals and exhibits is under the supervision of State Farm Show Director John McCool. It is McCool's first show. He was named to the post after last year's event.

The state Farm Show Commission today announced the names of 26 organizations—including two daily newspapers and three radio stations—which will receive special citations from the Future Farmers of America during the show.

The citations will be presented next Wednesday at the PFA mid-winter meeting in the forum of the State Education Building. The first animal to arrive at the Farm Show Building was a Holstein bull calf owned by Luke Pasco, of Washington, Pa. It is one of nine Holsteins Pasco will exhibit.

By late Sunday, an estimated six million dollars worth of livestock, poultry and commercial exhibits will be in place for the 8 a.m. opening of the five-day exposition Monday.

Farm show officials look for crowds during the week to total more than half a million persons.

Soil erosion has forced U.S. farmers to abandon over 25 million acres of crop land. Average loss is 500,000 acres a year.

Steals Fire Truck At Night Club Blaze

BOSTON (AP)—While firefighters were battling a night club blaze in the theatrical district early today, someone stole one of their big fire trucks.

The thief abandoned the ladder truck when it crushed against a fence at the Boston Common. He couldn't make a full swing around the corner without a tiller man to steer the rear end.

News Briefs

KEY WEST, Fla. (AP)—President Eisenhower was pictured by his doctor today as getting "a world of good" from his visit here in the Florida sun.

MILAN, Italy (AP)—Thousands of Milanese put on a flag-waving loyalty demonstration for their archbishop today as police sought a "madman" who bombed the city's ancient archiepiscopal palace.

Thousands upon thousands, including Boy Scouts and members of various Roman Catholic organizations, marched to the damaged palace in downtown Milan and cheered Archbishop Giovanni Battista Montini, for years the close collaborator of Pope Pius XII and now known here as "the Archbishop of the workers."

PHILADELPHIA (AP)—Anthony Benedetto, 37, a Philadelphia with a police-listed record dating back to 1941, was found either shot or bludgeoned to death in his auto last night.

Benedetto, also known as Anthony Battles, was found jammed under the dashboard of the car, his body covered by a blanket. The body was discovered by his former wife, Elizabeth, who recognized the car but did not know the body in it was that of her ex-husband, police said.

WASHINGTON (AP)—Several Democrats concerned with the nation's defenses cautioned today against too much optimism over President Eisenhower's view that "the outlook is bright with promise."

Such misgivings were not shared by Republicans. Many of them concurred with the statement of House Minority Leader Martin of Massachusetts that Eisenhower's report to Congress yesterday on the State of the Union demonstrated a "clear understanding of the festering danger of Communist intrigue."

LONDON (AP)—Red China refused today to fix a time limit for the release of Americans the Communists are holding in prison as criminals. Peiping radio, commenting on Chinese-American talks in Geneva, said:

"While they are serving their sentences, they have no right to request permission to return to the United States."

The United States has accused Red China of violating an agreement it made Sept. 10 to permit all American citizens within its control to return home "expeditiously." The Chinese Communists said 27 of 40 Americans had been released so far.

GADSDEN, Ala. (AP)—Mrs. James B. Allen, wife of the former Alabama lieutenant governor, died of suffocation and Allen was badly burned in a fire at their home today.

Allen suffered second degree burns of the face, hands and upper part of the body in rescuing his two children, James Jr., about 10, and Debbie, 1 year old.

VATICAN CITY (AP)—Pope Pius XII received Francis Cardinal Spellman, archbishop of New York, in private audience today.

DEMOCRATS READ CANDIDACY INTO IKE'S MESSAGE

WASHINGTON (AP)—Some Democrats today read into President Eisenhower's State of the Union message strong indications that he may seek a second term.

Republicans generally professed to find no such clues in a document which Sen. Lyndon B. Johnson of Texas, the Senate Democratic leader, said yesterday was full of "political overtones."

Sen. McClellan (D-Ark.) said in an interview the tone of Eisenhower's message to Congress indicated to him that unless some adverse physical report is forthcoming Eisenhower is getting ready to run again.

McClellan commented that many of the President's proposals were "obviously more political than prudent."

Sen. George (D-Ga.) said he doesn't know what Eisenhower is planning to do but "he covered a lot of ground in the message just like Harry Truman used to do."

Rep. Flood (D-Pa.) said Eisenhower's message "sounded like the statement of a candidate." Rep. John Bell Williams (D-Miss.) called it "an announcement for re-election," adding that it was "the most patently political document in years."

Republicans Deny Hints
Sen. Knowland of California, Republican leader who is expected to seek his party's presidential nomination if Eisenhower doesn't run, shrugged off questions about any political import of the message.

But Sen. Saltonstall of Massachusetts, the assistant JOP leader, said he doesn't believe Eisenhower gave the "slightest hint of whether he intends to run."

Sen. Francis Case (R-SD) found Eisenhower "more concerned with the responsibilities of the presidency than with the rhetoric of the candidate."

3 DIRECTORS QUIT BOARD

Three of the five school directors of Conewago Township submitted their resignations at a regular board session in the Sand Hill School Wednesday evening.

The resignations were reportedly to have resulted from differences in opinion regarding board functions.

Quitting the school board posts were John L. Sneeringer, secretary; Bernard G. Smith, vice president; and Felix Klunk. Other directors are Barry Brammer, president, and Henry E. Leppo, treasurer.

The remaining two members of the board plan to confer with counsel on filling the vacancies.

Smith was elected to a six-year term in 1953 and Sneeringer and Klunk were elected directors in 1951.

During the transaction of routine business, the board authorized payment of bills totaling \$2,773. Edward F. Shorb, tax collector, submitted a check for \$890.50, representing collections in the past month.

Jarold R. Blair, supervising principal, attended the board meeting.

Speaker Rayburn Is 74 Years Old Today

WASHINGTON (AP)—Speaker of the House Sam Rayburn (D-Tex.) turned 74 today, looking and acting younger than many colleagues much his junior.

Wires and telephone calls reached his capitol office congratulating him. He has served as speaker longer than any other person in history—11 years, 3 months and 20 days.

Just before the House recessed yesterday for the weekend, members of both political parties eulogized Rayburn, who has been a member of that body since March 4, 1913. It was noted that he has served longer than any other present House member.

Identify Woman Drowned In River

WILKES-BARRE, Pa. (AP)—The body of a woman found in the Susquehanna River here yesterday afternoon has been identified as that of Miss Lottie Soezul, 38, of Edwardsville, police reported today.

Identification was made last night by her brother, Charles, who told police the woman left home Wednesday, clad only in a bathrobe, and underclothing. She had been under treatment for a nervous condition, the brother told police.

Bullet Cagers At Lebanon Valley; Matmen At Navy; Swimming Meet Cancelled

Four Gettysburg College athletic teams will be in action in foreign territory Saturday while the fifth—the swimming team—will be idle following the request for cancellation by Franklin and Marshall due to the inaccessibility of their pool for practice due to the recent typhoid epidemic at Lancaster.

The Bullet swimmers, who were listed to meet F. and M. here, will delay their opening until next Wednesday when Loyola will be met at Baltimore.

The college varsity and freshman basketball teams will play a double-header with Lebanon Valley at Annville Saturday night.

Coach Bob Davies' varsity upset the Dutchmen 73-70 here on December 3 and will be out to repeat. The Bullets have a current 4-4 record in collegiate competition with a loss to the Quantico Maroons which does not figure in NCAA compilations.

Fresh In Debut

The long-awaited debut of the tall freshman squad will be made in the preliminary.

Coach Johnny Yoviesin has been working with a 13-man squad which he believes will develop into a first class outfit as the season progresses.

Starters are expected to include the following: Frank Grzeleki, 6-4, of Schenectady, N. Y.; Charles Hoffman, 6-4, Brooklyn, or Francis Warfel, 6-5, Lancaster, forwards; Tim Cousins, 6-8, Ossining, N. Y., center; Richard Smith, 6-1, Baldwin, N. Y., or Arthur Beck, 6-0, Glenolden, at one guard, and Jack Hathaway, 6-0, Towson, Md., or Jay Bancroft, 6-1, Haddonfield, N. J., at the other spot.

Rounding out the squad are Don Enlich, 5-10, Maplewood, N. J.; Richard Hawkins, 6-0, Spring Grove, Walter Melnik, 5-10, Collingswood, N. J.; Walter McGowan, 6-3, East Lansdowne, and Harry Mohrman, 6-5, Putnam, N. J.

Vet Mat Squad
Gene Haas' wrestlers take on a rough opponent when they open their campaign Saturday afternoon with Navy at Annapolis. The freshmen meet the Plebes at 1:30 with the varsity engagement being listed for 4:15.

The Bullets have practically a veteran squad from last year when they won the Middle Atlantic Conference title for the seventh straight season. "Church" Heverly, 187, has been forced to give up wrestling due to an injury received in football.

Those scheduled to oppose Navy are: 123, Ken Purdy; 130, Bob Walshley; 137, Barry Kunkel, a sophomore, or the veteran Dave Turnbull; 147, Skip Lewis; 157, Tom Nell, a sophomore from New Oxford, or Bill Knupp, who have been staging a hot battle in that division; 167, Jerry Harrell; 177, Bill Sells, and heavyweight, Dick Mitchell.

Face Two Forfeits
Gettysburg will forfeit the 130-pound and heavyweight events in the frost-Plebe clash, having no candidates for those weights. Exhibitions are listed in those events, Dave Thomas, a junior, taking part in the 130, and Denny Dooley or Bob Sebald, seniors, in the heavyweight.

Freshman contestants for the Bullets will be: 123, Ed Baker; 137, Dave Williams; 147, Jim Crawford; 157, Ron Scott; 167, Andy Leh, and 177, Malcolm Patchell.

The squads will go to Annapolis late today and will be overnight guests at the Naval Academy.

RECEIVES JET WINGS

Second Lt. Ronald C. Miller, Harrisburg, received his Air Force jet pilot wings recently at Laredo Air Force Base. A graduate of William Penn High School, he was Middle Atlantic heavyweight wrestling champion while attending Gettysburg College. His mother, Mrs. Lettie L. Miller, took part in wing presentation ceremonies.

DAYTON FLIERS EASILY DEFEAT DUKES 68 TO 52

By ED WILKS

The Associated Press Dayton's third-ranked Flyers have themselves a 10-game winning streak at the moment, but more important, seven-foot Bill Uhl has shed his sleeping giant role and matured into a full-fledged Goliath in college basketball.

Time was when the big fellow wasn't much more use than a five-foot guy standing on a step ladder. He had height but couldn't move. But last night Big Bill moved with relative ease as the unbeaten Flyers ran away from Duquesne 68-52. Uhl had 23 points, all but three from the field, and grabbed 24 rebounds.

All was not butter and honey among the top-ranked teams last night. Maryland, playing possession ball, upset seventh-ranked George Washington 66-44. And lightly regarded Spring Hill of Mobile, Ala., tumbled previously undefeated and 12th-ranked Memphis State 69-65 with a fantastic closing drive in the title game of the Senior Bowl Tournament at Mobile.

Played Catch, Dared
George Washington, which hadn't been choked off with less than 50 points since 1950, couldn't get the ball away from Maryland. The Terps just played catch and dared the Colonials, who had averaged 82 points a game in building a 9-1 record.

Memphis State seemed headed for an 11-0 record, leading 63-46 with 7 minutes left in its bid for a second straight Senior Bowl crown. But then Spring Hill went off on a tear, striking for 21 points while State got just a field goal. State attempted a freeze with a 2-point lead and less than 3 minutes left, but Spring Hill twice stole the ball and Ed Tibbets pumped in the clincher from under the basket with 40 seconds remaining. Gene McGuire, who scored the tying points, was high with 27.

Elsewhere, Vince Yockel scored 30 points as Clemson defeated Miami (Fla.) 98-96 in the Senior Bowl consolation game. Western Kentucky wiped out a 3-point deficit and Ohio Xavier's unbeaten record 73-72 with Monroe Holland sinking two free throws for the clincher with less than 2 minutes left to edge the Oleians. And tall, talented St. Louis breezed past Loyola of New Orleans 110-79.

Tulane, led by Cal Grosscup—making his first appearance after transferring from Purdue—smacked Georgia 72-55 in a Southeastern Conference game.

Bert Bell Appoints Advisor On Rules

PHILADELPHIA (AP)—Commissioner Bert Bell of the National Football League has appointed Samuel (Mike) Wilson of suburban Abington, a former professional baseball and football player, as technical advisor on rules.

Bell said yesterday Wilson, 59, also would have charge of game officials and would handle complaints on officiating.

Wilson formerly played professional baseball with the Pittsburgh Pirates and professional football with Rock Island. He joined the NFL officiating staff in 1945 after a career on high school and college grids.

Bell said he and Wilson would meet with NFL officials at Hershey, Pa., in June or July.

Tune In WGET, 1450 On Your Dial

Middletown And GHS Open Loop Here Tonight

Six and four-game winning streaks will be at stake here this evening when the Gettysburg High School cagers meet the undefeated Middletown in opening the first half of the South Penn League.

The unbeaten Blue Raiders have won six in a row to establish themselves as a definite title contender. George Forney's Warriors have won their last four to up their record to 4-1.

It will be a battle of comparatively small but fast lads, neither school having any "giants."

At 6:45 o'clock the reserve teams will tangle.

Many Middletown fans plan to come here for the game which should also attract the largest local crowd to date.

H-S TIGERS TO PLAY AT MOUNT THIS EVENING

Coach Jim Phelan's Mountaineer cagers resume activities against the Hampden-Sydney Tigers tonight at Emmitsburg. The Mountaineers, 1-0 in Mason-Dixon play and 5-4 overall, will have their hands full against the visitors since set-shot ace Eddie Bals will miss the action and high-scoring Jack Sullivan's status is still undetermined.

Bals suffered a knee injury in the Quantic tourney and will be on the shelf indefinitely. Sullivan, who suffered a chipped ankle against Georgetown, has been working out with the squad since vacation ended but still favors the injured ankle. Phelan is anxiously awaiting the doctor's decision on Sullivan and will not know until game time whether the Mountaineers may fall.

Should Sullivan play, the Mount St. Mary's career record of 1,238 points might well go by the board. The Washington cager needs 20 points to tie the record and goes into the Hampden-Sydney game with a 25.7 average in four games. If Sullivan breaks the record only two Mountaineer marks, those for free throws in one game and free throws through a career, both held by Sal Angelo, last year's pivot star, will still remain without the Sullivan label.

Thursday evening the Tigers beat Western Maryland College 79-66 to maintain a first place tie in the conference with a 3-0 record. The Southerners have good size, a veteran team, and gave the Mountaineers a rough time last season before losing 69-60.

The Mount St. Mary's freshmen will play Fort Holabird in the preliminary beginning at 6:45. Varsity game time is 8:30 o'clock.

When a recipe calls for "a pinch" or "a few grains" of a seasoning, it's best to add less than one-eighth teaspoon.

ALAN AMECHE ONLY ROOKIE ON ALL-PRO TEAM

By JOE REICHLER

NEW YORK (AP)—Alan Ameche, fullback of the Baltimore Colts, was the only rookie named to the Associated Press 1955 All-Pro team which included three members each from the National Football League champion Cleveland Browns and Los Angeles Western Division titleholders.

Ameche, the league's ball carrying champion, received 26 of the 40 votes cast in the annual balloting by Associated Press member paper football writers and AP staff men.

The Chicago Bears placed four players on the 22-man two platoon squad. They were end Harlon Hill, guard Stan Jones and tackle Bill Wightkin on the offensive eleven and middle guard Bill George on the defensive team.

Pittsburgh Ignored

Pittsburgh was the only team that was not represented on either squad.

Otto Graham of Cleveland won the quarterback post in a romp, getting 28 votes to eight for Green Bay's Tobin Rote. It was the sixth time on the All-Pro team for the 33-year-old Graham.

Other Browns chosen were offensive tackle Lou Groza and center Frank Gatski. Groza, completing his 10th year with the Browns, was named on 31 ballots to earn the honor of being the most popular choice in the voting.

Rams named were guard Duane Putnam on the attacking unit, end Andy Robustelli and halfback Wilard Sherman on the defensive group.

The offensive eleven: Ends Pete Pihos of Philadelphia and Hill, guards Putnam and Jones, tackles Groza and Wightkin and center Gatski, and backs Ollie Matson of the Chicago Cardinals, Frank Gifford of the New York Giants, Ameche and Graham.

The defensive team: Ends Gene Brito of Washington and Robustelli, tackles Art Donovan of Baltimore and Bob Tonnell of San Francisco, middle guard George, linebackers Joe Schmidt of Detroit and Roger Zatkoff of Green Bay, backs Bob Dillon of Green Bay and Sherman and safetymen Jack Christiansen of Detroit and Emlien Tunnell of the Giants.

Graham was one of the eight repeaters from the 1954 team. The others are Pihos, Groza, Matson, Donovan, Schmidt, Dillon and Christiansen.

Victory Over Hogan Is Upset Of Year

By THE ASSOCIATED PRESS
Previously unknown Jack Fleck's victory over Ben Hogan in the play-off for the 1955 National Open golf championship has been chosen "Upset of the Year" by 179 sports writers in the Associated Press annual year-end poll.

Fleck's victory was picked as the "Upset of the Year" by 41 of the writers and broadcasters and Southern California's 42-20 football victory over Notre Dame by 37.

The Brooklyn Dodgers' triumph over the New York Yankees after being down two games in the world series took third place in the upset balloting with 24 first-place votes. Then came the Chicago Cardinals 54-14 shelling of the Bears. It cost the Bears a chance for the National Football League's Western Division title. That was first on 20 ballots and Sugar Ray Robinson's second round knockout of Bobo Olson to regain the middleweight championship topped 15.

STARS IN LOS ANGELES OPEN

LOS ANGELES (AP)—The 30th annual Los Angeles Open, listing the great names of golf to compare with illustrious winners of the past, gets under way today at the newly groomed Rancho municipal course.

The purse is \$30,000 and the winner will collect \$6,000.

Julius Boros, the top money maker of 1955; Doug Ford, the golfers' "Golfers of the Year" for winning the PGA championship; Gene Littler, last year's local champion, and Jack Fleck, the dark-horse surprise winner of the United States Open, are listed in the bulky field teeing off over the 7,048-yard, par-71 course.

Other favorites are Cary Middlecoff, the Masters champion, and off his play here yesterday, Tommy Bolt, the Los Angeles Open victor in 1952.

Bolt shot a 65 in the Pro-Amateur Celebrity event, giving the completely revamped course a new record.

Littler, the young pro from Palm Springs, won the main event last year over much the same type of course in 276, which many believe may be hard to match this time.

Sees No Changes In Televised Football

LANCASTER, Pa. (AP)—J. Shoder Barr, a member of the NCAA Television Committee and director of athletics at Franklin and Marshall College, says there will be few if any changes in televised football next fall.

Barr, who made the prediction before flying to Los Angeles for the NCAA annual meeting, said reports he received showed general approval of the present NCAA television code.

NEW STANDARDS ARE PRESENTING NEW PROBLEMS

NEW YORK (AP)—All this prosperity everyone is talking about today means that America keeps hoisting its standard of living with new gadgets and more and better goods.

And each time it does, seems like, it creates a new problem.

Jet planes go faster. But they call for new techniques in metalworking and new alloys—or they melt. And they have created the problem of how to cut down on the noise and what to do about the old smaller airports.

Wrap-around windshields are popular with motorists—except when it rains. Then the old style windshield wiper finds the going rough around the curves. So promotion—the world golfer Ben Hogan says—explains how he corrected his hook—is applied to a wiper using a kind of wrist and elbow motion.

Many Other Problems

Smaller homes save steps and expense—but the generously scaled furniture you inherited won't fit them. New furniture fashions are born—convertible beds stand in living rooms, transistors replace radio tubes and printed electrical circuits replace the maze of wires.

Business office techniques—spawns of personnel management, pension plans, overtime scales, union dues checkoffs, withholding taxes, multiple division corporations—call for so much paper work that mechanical brains had to be invented to keep abreast of the new problem.

Party telephone lines used to serve, in their fashion. But so many Americans want to gab on the phones at once these days that scientists had to think up ways of carrying multiple conversations over the same cable. And just ahead lies transcontinental dial phoning, the scientists say.

New gadgets are so complex and skilled labor on assembly lines so expensive that industry is turning to still more complex gadgets to make the whole thing as automatic as possible.

Extend Hours To Accommodate Drivers

HARRISBURG (AP)—The Bureau of Motor Vehicles will remain open every Saturday this month to accommodate persons who want to renew their Pennsylvania operators' licenses for 1956.

Secretary of Revenue Gerald A. Gleason said the Harrisburg bureau will be open until noon the first three Saturdays of January and until 4 p.m. Jan. 28.

Gleason said some 2 million of the state's estimated 4,600,000 licensed drivers have not yet applied for their new licenses. The deadline is midnight, Jan. 31.

NEW REIGN IN FRANCE APPEARS MORE GLOOMY

PARIS (AP)—The outlook for formation of a new French government became gloomier today with a Republican Front alliance rebuff to overtures by Premier Edgar Faure for a wide center coalition.

The recently formed Republican Front is led by former Premier Pierre Mendes-France, who heads one wing of the Radical Socialists, and Socialist leader Guy Mollet.

Mollet announced the rejection of Faure's bid after a meeting with Mendes-France. He said all elements of the Republican Front will stick together and form a government on their own if they get the chance.

The Republican Front controls some 160 seats and Faure's group about 180.

Faure suggested that the next government be formed by a wide coalition of center parties because of the strength—202 seats—recorded in Monday's election by the Communists and anti-tax supporters of Pierre Poulade. Together, the two center factions' 340 or so seats would be a sizable majority in the 556-seat Assembly.

Mollet said such a move was impossible because of differences between the Republican Front and Faure's supporters. Faure is a

CHILE IS UNDER STATE OF SIEGE ON RED THREAT

SANTIAGO, Chile (AP)—Most of Chile was under a state of siege today as the government moved to meet a nationwide strike call and what it termed "Communist agitation."

The government of President Carlos Ibanez declared the state of siege—a modified form of martial law—last night after adjourning Congress. All military leaves were canceled and all soldiers were ordered on the alert.

Chile's big Central Labor Union (CUT) called for the nationwide strike Jan. 9 to protest the government's plan to freeze wages, prices and pensions for civil servants as an anti-inflation step. Labor leaders said the freeze would cause hunger through the nation.

Crowds Demonstrate

Crowds marched through Santiago's streets last night, demonstrating against the government action.

Police started a roundup of prominent labor leaders, arresting 51. They included Clotario Bles, head of the CUT.

The state of siege decree banned public meetings, put censorship on

newspapers and radio stations, and permitted homes to be searched and arrests to be made without warrants.

Gen. Horacio Gamboa, Santiago garrison chief, said additional military units would be brought to the capital if necessary to strengthen the local force and to "guarantee the right to work."

Stevenson's Son Leaves Hospital

CHICAGO (AP)—John Fell Stevenson, son of Democratic presidential candidate Adlai E. Stevenson, left Passavant Hospital yesterday after confinement for two weeks for treatment of injuries suffered in a car collision in which two school-

mates were killed. Stevenson, 19, walked with the aid of a cane. His right leg, encased in a plaster cast, is minus the kneecap, which was shattered in the accident near Goshen, Ind., Dec. 21.

Young Stevenson expects to return to studies at Harvard University Sunday.

MERCHANT QUILTS AFTER 25 YEARS

J. Edgar Yealy, W. King St. owner and manager of the Littlestown 5 & 10 Cent Store for the past 25 years, has announced his retirement as a local business man.

Yealy was born in Harney, Md., the son of the late Jacob A. and Lillie B. Yealy, and lived in that neighborhood for about fourteen years. He attended the country school there before moving to Littlestown where he first worked at the local silk mill and then at the Hanover Shoe Company. Yealy was then a partner in a restaurant business located on S. Queen St. with William H. Renner, also of town.

In 1929, he was employed by the American Store Company in Littlestown. After one year in the American Store, Yealy became manager for the Trimmer 5 & 10 Cent Store in the community. After several years experience he opened his own business at the present location in the Kump building at the corner of S. Queen and W. King Sts.

Yealy and his wife, the former Florence E. Wallick, of Littlestown, have two sons and five daughters, most of whom helped with the business.

Yealy wishes to thank all of the patrons and friends that he made during his business career and hopes they will continue to patronize the new management, his son, Edgar E. Yealy, and his son-in-law, Luther G. Myers.

CAPTAIN GOES TO ILL FATHER

NEW YORK (AP)—An Army captain was transferred from a Germany-bound military sea transport to a tugboat late yesterday so he could go to the bedside of his father who was reported critically ill at Darby, Pa.

The captain, Gabriel Ricci, was on the transport Gen. A. H. Butler with his wife and three children when a Red Cross message was relayed by radio.

The ship, carrying 326 military personnel and their dependents, was halted near Ambrose Lightship off New York Harbor to await an Army tug which took Ricci back to the Brooklyn Embarkation Terminal.

Ricci's wife and children remained aboard the transport. He is expected to fly to join them in Germany later.

Ricci, an engineer, is being transferred from the Frankford Arsenal at Philadelphia to Hanau, Germany.

They said the woman leaped over between two cars of a 20-car freight train that suddenly moved.

Luke 12:22-34

Key Verse: Do not seek what you are to eat and what you are to drink, nor be of anxious mind. For all the nations of the world seek these things; and your Father knows that you need them. Instead, seek his kingdom, and these things shall be yours as well. Luke 12:29-31.

Everywhere men and women discuss the things that affect their daily lives as well as their hopes for the future. Among them, currently speaking, are the various securities: economic security for the masses; social security for the individual. But do they ever mention spiritual security?

Spiritual security is something that cannot be defined easily; it must be felt. It was the thing Jesus strove to teach His disciples. Since He was the first one in human history to declare the infinite worth of man and to deal

directly with matters pertaining to the human soul, Jesus used every possible way to teach reliance on God. If men could only learn to put their trust in divine providence, cares and anxiety would disappear. No fears or worries would trouble peoples.

Long before the days of modern psychology Jesus recognized the underlying truths about man's mind. He could see the irresistible, quiet power of divine suggestion, and the conception of the grace of God lodging in a man's consciousness, growing up almost without his knowledge. "The goodness within him would blossom of itself." The Kingdom of God He had come to teach and exemplify could lodge in a man's soul and bring it into a new relationship with God. No signs or portents were needed. The Kingdom was promised and it was already there.

The discourses of this week's les-

son are all taken from Luke 12 and are concerned mainly with this matter of trusting God's continued providence. Neither Jesus nor His disciples were men of wealth so they knew well the concerns of daily provision for one's family needs. All of the Twelve had given up regular trades or lucrative vocations to answer Jesus' call to service. Were they disturbed about the morrow?

Some may argue that conditions were different 2,000 years ago. Today we consider it an individual's right to have economic security and to that end our Government has made laws to provide it. However, this is a more recent development and governments cannot guarantee complete security in a day when costs of living have soared and the take-home-pay check has shrunk due to tax and various insurance deductions. But the problem still remains: how to become prudent and not anxious. Complete dependence upon God is Jesus' recurring message. He cautioned about laying up riches on earth, saying that it is better to lay up treasures in heaven — the spiritual security of which we spoke. The only real

riches are the riches of the Kingdom — love, mercy, humility, charity.

In Luke 12:22-34 Jesus urges His disciples not to be worried about what they shall eat or wear. He illustrates His talk by comparing them with birds who "neither sow nor reap, they have neither storehouse nor barn, and yet God feeds them." They compare the lilies of the field, the scarlet anemones of the Galilean hills, who "neither toil nor spin." He calls them "men of little faith" for not trusting in divine providence, reminding them that all the nations of the world have the same concern. They Key Verse concludes with His injunction: "Instead, seek his kingdom and these things shall be yours as well."

Freedom from worry? What Jesus was saying is this: Food and clothing are necessary to sustain and serve life, but they are not an end in themselves. Can a hungry man understand this? Yes, because there are spiritual hungers as well as physical ones. The matter of daily bread is certainly of wide concern in a world in which more than half of the population go to

bed hungry every night. How much more important is it to give these underprivileged people the "bread of life" so longed for!

In addition to trusting God for providing material needs, Jesus told them: "Sell your possessions, and give alms. . . . This was taken very literally by the early Christians, who sold their goods and property and put the proceeds in a common treasury. Then Luke goes from the demands of the earthly life to the heavenly Kingdom which the Father will eventually bestow upon the little flock of disciples. They must first, however, subordinate material to spiritual needs and put aside the desire for earthly possessions. Christians must keep their minds and hearts fixed on things spiritual. This requires three essentials: dedication, detachment, devotion. The second — detachment — is probably the hardest, especially for the capable, ambitious man who measures life's accomplishments by material blessings.

Faith Outbound

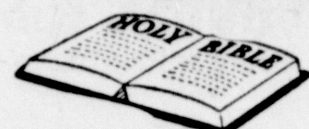

This is a scene you see every Sunday . . . hundreds of men and women pouring out of our churches. What effect does it have on the life of our community?

There was more happiness in our streets this week . . . more sympathy and understanding . . . more kindness and helpfulness . . . more determination to attain the highest moral and spiritual ideals.

We won't see Utopia next week. Human nature is still human. Perfection is God's alone.

But crowded churches change many lives. Worship and prayer strengthen souls. The seed God plants never dies, if we are determined to cultivate it.

Come to Church next Sunday. And when you leave, you and our community will be richer because you were there.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WESTINGHOUSE OFFERS PLAN TO SETTLE STRIKE

PITTSBURGH (AP)—Westinghouse Electric Corp. refused late yesterday to accept a federal mediator's proposal for ending a nationwide strike. It suggested instead a plan pegged to a secret ballot by striking employees on a contract offer already rejected by union negotiators.

A spokesman for the AFL-CIO International Union of Electrical Workers said in Washington the secret ballot by 44,000 UE members in 30 plants would be acceptable—if there were a choice between the company offer and union demands.

Federal mediator Joseph F. Finnegan said he wanted Westinghouse to clarify the proposal by putting in writing the specific questions

the IUE members would be asked to vote on.

Finnegan had proposed Wednesday that a three-man fact-finding board be appointed to try to agree on a settlement. The IUE accepted the proposal. Westinghouse rejected it.

Job Security At Stake
Robert D. Blasler, Westinghouse vice president in charge of industrial relations, said: "We believe our employees, whose job security is at stake, understand the issues better than any fact-finder who has no personal stake whatsoever in the resolution of these issues."

IUE President James B. Carey described Westinghouse's rejection of the federal plan as "a clear demonstration of the corporation's moral irresponsibility and economic depravity."

No negotiating sessions are scheduled between the company and the IUE nor the company and another striking union—the independent United Electrical Workers, which has some 10,000 members on strike at 10 additional West-

inghouse plants.
The IUE struck Oct. 17 and the UE followed suit Oct. 26. Both unions sought a 15-cent-an-hour wage increase and a one-year contract. Both rejected company proposals for five-year contracts which the company said would provide minimum wage increases of 23½ cents over the five years.

Before the strike, workers earned an average of \$2.10 an hour. Police continued to keep a close watch on several plants where pickets and strikers returning to work.

In Columbus, Ohio, Sheriff Ralph Paul said he is mobilizing his deputies at or near the struck Columbus plant because of what he called numerous reports that another mass demonstration will be staged.

A spokesman for the IUE said there was "nothing to the rumors" and said the union intends to obey court restrictions on picketing.

Molasses and sulfur was good enough for grandpa, but the spring tonic for pale green wheat fields is extra nitrogen. If your wheat production is usually 20 bushels per acre, try applying 40 lbs. per acre of actual nitrogen this spring.
